Fully Rugged Tablet

14" TFT LCD HD LumiBond® 2.0 display with 1000 nits Getac sunlight readable technology for unprecedented viewing experience

Dual battery design with LifeSupport[™] battery swappable technology Enhanced security with TPM2.0, NFC / RFID and Fingerprint Scanner Optional 1D / 2D imager barcode reader and RFID

Multi-Function kickstand handle, hand straps and shoulder straps and slim-profile vehicle dock for maximum mobile productivity

Best in Class Performance

Designed for maximum mobile performance and productivity, and powered by 10th Generation Intel® Core™ i5 and i7 processors, the A140 brings greater computing and performance with reduced power consumption; ideal for data-intensive multitasking. PCle Solid State Drives adds up to 3x faster read/write speeds.

Front and Rear Cameras

Full HD front and 8MP rear cameras make image and video capture, video conferences and field training convenient and easy.

Built to Survive™

Only Getac manufactures rugged tablets down to the chassis. The A140 was engineered to protect the tablet against drops, shocks, spills, vibration, dust, liquid and more. The A140 has been independently tested and certified to MIL-STD 810G, IP65 and MIL-STD-461G standards.

Bumper-to-Bumper Warranty

Accidents happen. Only Getac offers 3-Year bumper-to-bumper coverage **standard** on every A140 rugged tablet.

Configurable & Purpose Built

Customized options include barcode reader, dedicated GPS, LAN, serial ports and a robust suite of security features, including multi-factor authentication, to protect against malicious threats and intrusions.

Ultra-Fast Connectivity

The A140 integrates high-speed wireless communication technologies so you can stay connected online anytime, anywhere.

Better, Brighter, Stronger

LumiBond® 2.0 bonds the display glass with the touch panel and LCD, creating a single panel that is more durable and readable with sharper contrast and crisper colors than any other rugged display. Advanced touch modes operates in the rain, with gloves or the included hard-tip stylus.

Bumperto-Bumper warranty

Accidents can take your equipment out of service when you least expect it, especially in a rugged environment, which can cause costly downtime. That is why Getac has introduced accidental damage as standard under our new Bumper-to-Bumper warranty, to help minimize your

enterprise IT costs.

Bumper-to-Bumper is your hassle-free guarantee. That means you can depend on us to have your

unit back in service within days.

Standard

3 years Bumper-to-Bumper.

i Bluetooth performance and connectable distance may be subject to interference with the environments and performance on client devices, users may be able to reduce effects of interference by minimizing the number of active Bluetooth wireless devices that are operating in the area.

ii Weight varies from configurations and optional accessories. iii MIL-STD-461G 90W AC adapter sold separately.

iv Tested by a national independent third party test lab following MIL-STD-810H.
